C⟩MAP®

PRECISION. CLARITY. QUALITY.

Bring the world around you to life.

The Best of C-MAP® in an App

Superior Charts. Premium Planning.

Always have the latest chart data to hand, with amazing FREE features - browse global charts, plot waypoints and plan routes.

Your Charts, Your Way

C-MAP charts maintain accuracy while staying free from clutter. Customise your charts for the perfect fit. Turn on the features and layers you love – including game-changing Shaded Relief layer – and make use of the extensive Points of Interest pre-loaded, or add your own.

Explore more with C-MAP

Explore marinas, harbors, beaches and more. C-MAP Points of Interest include all of the key information you need, even reviews from other boaters.

Perfect Planning – Routes, Tracks & Waypoints

Make the most of your time on the water by planning your Routes in advance – you'll be ready to go in no time! Save your favourite places with personal Waypoints; choose the icon, edit the coordinates, even add a photo and some notes if you like!

Whatever the Weather

Plan your trips and stay safe on the water with our detailed, high accuracy weather features, including Weather along the Route.

• Thousands Of Points Of Interest	• Custom Depth Shading
• Marine Weather Forecast	• AIS
• Weather Along the Route (24 Hours)	• C-MAP Traffic: View other App users
• Chart Personalisation	• Shaded Relief
• Measure Distance Tool	• Satellite Overlay

DISCOVER™

Whether cruising, fishing or sailing, C-MAP® DISCOVER offers a choice of coverages and includes all the core features needed to make the most of time on the water. DISCOVER has the very best of C-MAP High-Res Bathymetry, including Genesis® data, along with full-featured Vector Charts, Custom Depth Shading, Tides & Currents and Subscription-Free Easy Routing™.

Full-Featured Vector Charts with High-Res Bathymetry

Vector charts, including Depth, High-Res Bathymetry Contours, Spot Soundings, NavAids, Light Sectors, Wrecks/Obstructions and more.

Custom Depth Shading

Display the highest level of information, setting clear safety depths and identifying underwater pinnacles, ledges and drop offs.

Easy Routing™

Subscription-Free Easy Routing helps you automatically plot the shortest, safest route based on detailed chart data and your personalized vessel information. With C-MAP Easy Routing is always subscription free.

Tides & Currents

Displays the time, water level and direction of the tides with tide level graphs and indicates predicted current time, direction and strength. Flow graphs and coloured arrows.

Key Features

- Full-Featured Vector Charts
- Custom Depth Shading
- Hi-Res Bathymetry
- Subscription-Free Easy Routing™
- Tides & Currents
- Detailed marina, port plans
- Integrated Genesis layer
- 12 Months free online updates

Compatible with Lowrance®, Simrad® & B&G® Chartplotters

REVEAL™

C-MAP® REVEAL charts display the very best of C-MAP. With Shaded Relief, including game-changing Ultra-High-Res Seafloor Imagery unique to REVEAL, Aerial Photography, Satellite Overlay and Dynamic Raster Chart presentation added to the core C-MAP features found in DISCOVER™.

Shaded Relief

Shaded Relief presents the data with a 3D appearance, which is easier to interpret versus traditional contour lines.

Satellite Overlay

Satellite imagery provides real-world reference, enhances situational awareness for coastal navigation.

Raster Charts

Raster charts bring a traditional paper chart look and feel - available in select areas.

Key Features

- Shaded Relief
- Raster Charts (select coverage)
- Satellite Overlay
- Full-Featured Vector Charts
- Custom Depth Shading
- Hi-Res Bathymetry
- Subscription-Free Easy Routing™
- Tides & Currents
- Detailed marina, port plans
- Integrated Genesis layer
- 12 Months free online updates

**See coverage and chart detail for DISCOVER and REVEAL on Chart Explorer**

Compatible with Lowrance®, Simrad® & B&G® Chartplotters

DISCOVER™ X

Exclusively for Simrad® NSX™

C-MAP® DISCOVER™ X offers a fresh, dynamic experience. With the latest vector data, best-in-class Day and Night modes and the most detailed C-MAP High-Res Bathymetry, with an all-new Map Inspector Tool. DISCOVER X also delivers smooth integration with the Simrad® Companion App. Rich features include Custom Depth Shading, Tides & Currents, and subscription-free Autorouting plus 12 months free online updates.

Next Generation Charts

A fresh, dynamic chart experience, making navigation clearer than ever before.

- Optimised data and new chart presentation to give you the best on-the-water navigation experience.
- Always see the data you need without clutter, optimised at every zoom level.
- Best-in-class Day & Night modes. Stay safe and navigate with ease, whatever the weather, whatever the time of day.

Smooth App Integration

Link to the Simrad® Companion App – enjoy the same charts and a fully connected experience.

- Plan trips, review tracks and plot waypoints on the App, then sync straight to your NSX.
- Access NSX manuals, "How To" guides and much more, directly from the App.
- The future is connected; with C-MAP & Simrad, you'll be ready.

New Map Inspector Tool

Quickly access the information you need, with a simple touch of the screen.

- **Tides & Currents** – detailed projections of water level and tidal data to help you plan your day out.
- **Detailed Marina Port Plans** – docking in an unfamiliar port is no problem when you have precise layouts of thousands of marinas, including slip spaces, restricted areas, and other vital information.
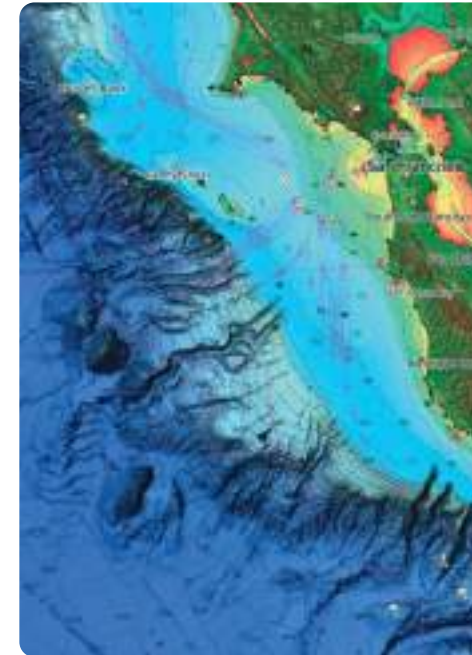

Key Features

- Smooth App Integration
- New Map Inspector Tool
- Full-Featured Vector Charts
- High-Resolution Bathymetry
- Custom Depth Shading
- Best-in-Class Day & Night Modes
- Tides & Currents
- Detailed Marina & Port Plans
- Harbor & Approach Details
- Subscription-Free Autorouting
- 12 Months Free, Easy Chart Updates
- Connected Experience – Future-Proof

REVEAL™ X

Exclusively for Simrad® NSX™

C-MAP® REVEAL™ X offers a fresh, dynamic experience. All the great features from DISCOVER X, including all-new Map Inspector Tool, and more – bring the world around you to life with Shaded Relief and feel connected to your surroundings with Satellite Overlay. REVEAL X charts also deliver smooth integration with the Simrad® Companion App and come with 12 months free online updates.

Shaded Relief

Bring the world around you to life with 3D rendered land and underwater elevation, including areas of ultra-high resolution – a game-changer for anglers and divers.

Satellite Imagery

Feel better connected to your surroundings when you find yourself in an unfamiliar place.
